Subject: Port Heiden TCSA Report (FYI)

## Scott:

FYI. I received a letter from ADEQ on the Port Heiden site for new contamination at the landfill and the tank disposal area. Yes

These areas are not on the CERCLA site and therefore the 611th is liable for RCRA/TSCA disposal violations. Jaques Gusmano is no longer be working on the Port Heiden site. He has handed off this site to us.

Next Steps: I will follow-up with Dave on this issue when he returns from Hanford next week on the TSCA (PCB) Cleanup.
